

Hello everyone,

This newsletter is to inform our customers about a few new exciting things that Kart Works has been working on to better our store for our customers. The most important thing we have been working on for some time now is finally in place.

Flat Rate Shipping in Canada's HST Zone \$12.50 for up to 5 lbs (2.3kg)

We have been looking for ways to get our shipping cost down as much as possible to make your online shopping experience better and more affordable. We have Canpar and Canada Post as our best shipping rates. Flat rates only apply to the HST zone / area of Canada for now. May expand that to all of Canada if things work out well with this new option. We have many new shipping options and payment options to choose from to make shipping and paying easier for all.

Kart Works has been working hard this winter doing many On-Line Store upgrades to parts that are currently in our store and adding many new parts to our store.

We have been making upgrades to our physical kart parts store as well. We have been working on our new bar code system that will make your transactions faster and easier. Our inventory has been moved around making it more convenient for you to find the things you are looking for, and now you may notice things that you never thought we had.

This year we are expanding our inventory to carry Briggs parts. Also, we are currently working on adding some new sections to our engine parts category. Soon when you click on engine parts it will be broken down into a few different categories. Honda GX Series & Clone Racing, Honda GX Series OEM, Box Stock OEM, Briggs and Stratton Racing & OEM. This will hopefully help everyone out when ordering parts for their 4 cycle engines.

Please note that we can special order 2 cycle parts as well, just shoot us an email and we will be glad to give you a quote and time to deliver.

Our focus 2012 will be our online store. As well as attending some races in the local area. We will be posting our schedule for the 2012 race season in the beginning of March. So far we will be attending races in Tilbury @ 5150 and races in Leamington PPKC, soon to be announced. Still waiting to find out if we will be racing at FOG this year.

Tilbury 5051

will be running on Saturdays gates open @ 12:00pm Racing starts @ 2:00 finish around 6:00pm

5150 will be running 3 Box Stock Classes:

Novice

Kids

Adults

FOG Speedway

Right now FOG is taking Donations for their defense fund on rezoning the track so it can stay open please follow this link for more info. Donations can be brought to the track

Address: 4020 Con 11 Tecumseh ON

The white house on the left of the driveway is the house. Kevin or Lori are the people you want to give your donation to. Donations will be taken off your FOG membership fee. Please make sure they write down your donation.

PPKC Announces 2012 General Annual Meeting

On Sunday Feb 12th 2012 Point Pelee Karting Club will hold its General Annual Membership Meeting at the WFCU Center. It will take place on the second floor of the Community Center in the Ontario Room from 10:00am to 12:00pm. The Club's 2012 election, race schedule, rules, classes, and more will be reviewed. Registration Deadline for the 2012 Race season of March 4th is quickly approaching. Plan on attending this informative meeting if you are interested in getting into racing or volunteering with the club. Everyone is welcome!

As a non-profit group Point Pelee Karting Club reaches out to new members through out Southwestern Ontario. Club members start at the age of seven and learn the important skills of motor sport racing. Go-kart racing is the grass roots of motor sport. Point Pelee Karting provides the training grounds necessary for all competitors to achieve their goals and dreams. The likes of many professional motor sport drivers will tell you that their careers began in Karting. In fact many professional drivers still own and race go karts in their spare time today. Visit our Website for more information; <http://www.pointpeleekarting.com/PPKC/>

More news on classes and other track news still to come. Stay tuned to Kart Works Face Book page as well as our site home page local track news for up to date information.

New Box Stock Project engine is coming out at the end of February and the new steel billet flywheels will be coming out.

As a safety precaution steel billet flywheels will be a new rule in 2012. More Great news! The New 2012 Box Stock Project engines come with a steel billet flywheel out of the box as well as hardened cranks and all cherry picked cylinder head as well all other parts as close to spec. These engines out of the box will only need timing and dyno tuning done to make a wicked engine.

Thanks for your business and your time,
Kart Works Canada
